

PART I

GOVERNMENT OF KERALA
Health & Labour (H) Department
NOTIFICATION

231 6/67

No. 65942/H3/66/HLD.

Dated, Trivandrum, 8th June 1967.

In exercise of the powers conferred by section 29 of the Indian Boilers Act, 1923, (Central Act 5 of 1923) and in supersession of the Kerala Boiler Rules, 1957 published under Notification No. LI-4357/57/L & LAD (A) dated the 23rd October 1957 in the Gazette dated the 29th October 1957, the Government of Kerala hereby make the following rules, the same having been previously published as required by section 31 of the said Act.

Kerala Boiler Rules, 1967

1. *Short title.*—(1) These rules may be called the Kerala Boilers Rules, 1967.

(2) They shall extend to the whole of the State of Kerala.

2. *Definitions.*—In these rules unless there is anything repugnant in the subject or context,

(a) 'Act' means the Indian Boilers Act, 1923 (5 of 1923);
'Section' means a section of the said Act.

(b) 'Chief Inspector', 'Deputy Chief Inspector', 'Inspector', 'Inspecting Authority', 'Inspecting Officer', 'Owner', 'Competent Authority', and 'prescribed' shall have the respective meanings as assigned to them in the Act and the regulations;

(c) 'Government' means the Government of Kerala.

(d) 'Regulation' means a regulation framed by the Central Boilers Board under section 28 of the Act.

3. *Payment of fees and costs.*—All fees and costs payable under the Act or Regulations or Rules framed thereunder, shall be deposited into a Government Treasury.

An application to which the treasury receipt is affixed shall be deemed to be accompanied by the prescribed fee.

All fees and costs levied under the Act shall be disposed of in such manner as the Government shall direct from time to time.

4. *Calculation of registration and inspection fees.*—Every application under sub-section (1) of section 7 and sub-section (3) of section 8 shall be accompanied by a fee calculated on the basis of boiler rating as prescribed under regulation 384. The formula for calculating the boiler rating shall be as prescribed in regulation 383.

5. Fees for registration and first inspection of boilers shall be as prescribed in regulation 385.

6. Every application for inspection for the renewal of certificate under sub-section (3) of section 8 shall be accompanied by a fee on the following scales :—

			Rs.
For Boiler Heating Surface			60
in square meters not exceeding 10			
For Boiler Heating Surface	10 but not exceeding	25	75
in square meters exceeding			
For Boiler Heating Surface	25 but not exceeding	50	90
in square meters exceeding			
For Boiler Heating Surface	50 but not exceeding	75	105
in square meters exceeding			
For Boiler Heating Surface	75 but not exceeding	100	120
in square meters exceeding			
For Boiler Heating Surface	100 but not exceeding	150	150
in square meters exceeding			
For Boiler Heating Surface	150 but not exceeding	200	170
in square meters exceeding			
For Boiler Heating Surface	200 but not exceeding	400	195
in square meters exceeding			
For Boiler Heating Surface	400 but not exceeding	600	210
in square meters exceeding			
For Boiler Heating Surface	600 but not exceeding	800	240
in square meters exceeding			
For Boiler Heating Surface	800 but not exceeding	1000	280
in square meters exceeding			
For Boiler Heating Surface	1000 but not exceeding	1200	320
in square meters exceeding			
For Boiler Heating Surface	1200 but not exceeding	1400	360
in square meters exceeding			
For Boiler Heating Surface	1400 but not exceeding	1600	400
in square meters exceeding			
For Boiler Heating Surface	1600 but not exceeding	1800	440
in square meters exceeding			
For Boiler Heating Surface	1800 but not exceeding	2000	480
in square meters exceeding			
For Boiler Heating Surface	2000 but not exceeding	2200	520
in square meters exceeding			
For Boiler Heating Surface	2200 but not exceeding	2400	560
in square meters exceeding			
For Boiler Heating Surface	2400 but not exceeding	2600	600
in square meters exceeding			
For Boiler Heating Surface	2600 but not exceeding	2800	640
in square meters exceeding			
For Boiler Heating Surface	2800 but not exceeding	3000	680
in square meters exceeding			

For Boiler Heating Surface above 3000 for every 200 or part thereof an additional fee of Rs. 15 shall be charged ;

Boiler heating surfaces shall be determined as prescribed in Regulation 383:

Provided that when any owner is willing to accept any renewed certificate for less than twelve months in order to approximate the date of annual inspection to the date on which other boilers in the locality are inspected, a certificate for such period less than twelve months as may be necessary for such approximation of dates may be granted at the reduced fee to be calculated at one twelfth of the ordinary fee for each full month, portion of a month not being reckoned :

Provided further that an additional fee equal to inspection fee may be charged for the inspection of a boiler on a Sunday or on other public holidays under the Negotiable Instruments Act, 1881, if such inspection is made at the request of the owner. The additional fee, so charged shall be paid in the manner specified in Rule 3. The Inspector who makes the inspection shall be entitled to an allowance equal to half the additional fee so charged.

7. *Fees for inspection and test during construction.*—(i) Fees for inspection of boilers and parts thereof under construction shall be the same as prescribed in Regulation 395 A.

(ii) (a) Cast mountings and fittings.

A fee of Rs. 150 shall be charged for examination and certification of a single lot of mountings and fittings made from the same cast but the number of items in one such lot shall not be exceeding 50.

(b) Fabricated mountings and fittings—

A fee of Rs. 150 shall be charged for examination and certification of a single lot of mountings and fittings not exceeding 10.

The manufacturer, in addition, shall supply free of charge the labour and appliances which may be necessary for such mechanical tests as are required under the Regulations. Failing to find facilities for the prescribed test, the manufacturer shall bear the cost of carrying out such tests elsewhere.

(c) The charges for the examination of drawings only for mountings and fittings to be manufactured shall be Rs. 50 for each such drawing.

8. The fees mentioned in rule 6 shall cover complete inspection including hydraulic test and steam test, where such tests are necessary, subject to the provision of sub-section (2) of section 14.

9. *Second fee for reinspection of defective boilers and inspections in default* — A second fee shall be leviable for reinspection of a defective boiler and also in cases where the inspection of a boiler is begun, but owing to the fault or neglect of the owner or person in charge is not completed within a period of six months from the date of commencement of inspection.

10. *Sanction of Chief Inspector to second fee.*—No extra fee shall be levied except with the sanction of the Chief Inspector.

11. *Fee for duplicate certificate.*—A duplicate certificate for bona-fide purpose may be issued to boiler owner under the order of the Chief Inspector on receipt of a fee of Rs. 5.

12. *Fee for copy of registration book.*—Fee for a copy of a registration book containing only particulars and dimensions of the boiler shall be Rs. 10. While issuing copies of registration books, copies of official inspection notes shall not be furnished.

13. *Payment of Inspectors' travelling expenses in certain cases.*—If the owner of a boiler requires an inspection at a time which would necessitate a special level by an Inspector, he shall in addition to the registration or inspection fee, pay an additional sum as the Chief Inspector may determine to cover the conveyance and travelling allowance charges of the Inspector from his headquarters and for any attending staff accompanying him. The payment of such fees shall also be made in the manner as prescribed in rule 3.

14. *Refund of fees*—Fees paid in excess and fees paid for inspections which for any reason not due to any fault or omission of the owners or persons in charge of boilers have not been made shall be refunded by the Chief Inspector or adjusted against the fees for the inspection of any other boiler or boilers of the same owner or owners, if the refund is applied for within one year of the date of payment.

15. *Qualifications of Chief Inspector of Boilers.*—(a) No person shall be appointed to the post of Chief Inspector of Boilers unless he has obtained a degree in Mechanical Engineering of a recognised University or any qualification declared by the Union or State Public Service Commission as equivalent thereof and has served for not less than seven years as

(i) an Inspector of Boilers or Deputy Chief Inspector of Boilers

Or

(ii) an Inspector of Boilers or Deputy Chief Inspector of Boilers for a minimum period of five years and in a responsible position involving operation, supervision and maintenance of boiler plants or in any works where boilers are manufactured for the remaining period.

(b) *Qualifications of Deputy Chief Inspector of Boilers.*—No person shall be appointed to the post of a Deputy Chief Inspector of Boilers unless he has the requisite qualifications of an Inspector and has worked as an Inspector for not less than five years.

(c) *Qualifications of an Inspector of Boilers.*—No person shall be appointed to post of an Inspector of Boilers unless he has obtained a degree in Mechanical Engineering of a recognised university or any qualification declared by the Union or State Public Service Commission as equivalent thereof and has received training as a practical engineer in the design, construction, operation or maintenance of boilers for not less than two years.

Provided that the Government may subject to such conditions as it may specify in this behalf exempt any person who has been working as Inspector of Boilers or an Inspector of Factories at the time of commencement of these rules or any person who had worked as Inspector of Boilers or as Inspector of Factories at any time before the commencement of these rules from the provisions of this clause.

16. *Administrative Control.*—(a) The Chief Inspector shall be subordinate and shall work under the administrative control of the Secretary to the

Government in the department dealing with the subject of boilers and shall submit to him,

- (i) an annual report on the administration of the Act;
- (ii) such other reports and returns as may be called for.
- (b) The Deputy Chief Inspector shall be subordinate to and shall work under the administrative control of the Chief Inspector.
- (c) An Inspector shall be subordinate to and shall work under the administrative control of the Chief Inspector. He shall ordinarily be appointed to take charge of a specific area.

17. *Duties of Chief Inspector.*—(1) The Chief Inspector shall exercise the powers and perform the duties conferred and imposed on him by or under the Act; but his principal duty shall normally be the supervision and control of the work of the Deputy Chief Inspector and inspectors. He shall inspect and examine boilers only in exceptional cases and where he considers that the work of an Inspector requires a personal check.

(2) The Chief Inspector shall

(a) have the registration particulars and calculations submitted by the Inspectors for all boilers inspected for registration checked as prescribed in Chapter IX of the Regulations and enter under his own signature the approved working pressure and all orders required under Section 7, or

(b) pass orders on the proposals under section 7 or section 8,

(c) recommend to the Government the area of jurisdiction of each Inspector,

(d) pass orders in all cases in which an Inspector proposed to increase or reduce the pressure allowed for any boiler under clause (a) (ii) of the second proviso to sub section (5) of section 8, withdraw or revoke the certificate or provisional order under section 11 or to order important repairs, structural alterations or renewals in a boiler under section 8,

(e) pass orders in all cases in which it is reported that after due notice the boiler has not been properly prepared for inspection under sub-section 2 of section 14,

(f) decide all appeals preferred against an order of an Inspector under section 19,

(g) sanction prosecutions under the Act,

(h) enquire into serious accidents to boilers,

(i) prepare the annual report on the administration of the Act in the State,

(j) perform the duties conferred on an Inspecting Authority under the Regulations,

(k) depute the Deputy Chief Inspector or Inspector to perform the duties of an Inspecting Officer under the Regulations,

(l) pass orders on the reports of the Inspecting Officers and perform all the duties conferred on an Inspecting Authority under the Regulations,

(m) perform the duties conferred on a Competent Authority under the Regulations,

(n) approve all drawings and plans for boilers or parts thereof submitted under regulation 393 or regulation 395.

(3) *Advice to owners.*—The Chief Inspector may advise owners regarding the proper maintenance, safe working, feed water treatment and cleaning of boilers.

(4) *Maintenance of registers.*—The Chief Inspector shall keep in his office,

- (a) a register of appeals, and
- (b) a register of accidents.

(5) *Refund.*—The Chief Inspector shall be the authority for the grant of refund of fees paid in excess,

18. *Duties of Deputy Chief Inspector.*—(1) The Deputy Chief Inspector shall

(a) check the registration and memorandum of inspection books of all boilers proposed for registration,

(b) scrutinise plans and drawings submitted in advance under regulation 393 or regulation 395.

(c) examine and countersign the memorandum of inspection book of each boiler after each inspection,

(d) enter under his own signature any subsequent entries required in the registration book,

(e) enquire into serious accidents to boilers within his jurisdiction and submit reports to the Chief Inspector for a personal enquiry by him if considered necessary,

(f) maintain a register in Form A appended to these rules, of all boilers registered within the State and those which have been transferred to the state,

(g) keep in his office the memorandum of inspection books of all boilers borne on the register,

(h) scrutinise the certificates prepared in Form II, Form III, Form III-A, Form III-B, and Form IV, of the Regulations,

(i) perform the duties of an Inspecting Officer when deputed to do so by the Inspecting Authority,

(j) keep a register of all registration and inspection fees received,

(k) generally assist the Chief Inspector in the administration of the Act.

(2) *Deputy Chief Inspector to advise owners.*—The Deputy Chief Inspector may from time to time examine boilers in commission to ascertain if they are being operated in conformity with the terms and conditions specified in the certificate and advise owners on the safety in operation, good maintenance and periodic cleaning of boilers and feed water treatment.

19. *Duties of an Inspector.*—(1) The principal duties of an Inspector shall be inspection and examination of boilers and steam pipes and other connected fittings for registration or renewal of certificates. He shall also perform the duties of an Inspecting Officer when required to do so by the Inspecting Authority. Inspection shall be carried out in strict accordance with the Regulations and these Rules.

(2) *Kinds of Inspection*.—There shall be three kinds of inspection of boilers:

(a) When a boiler has been offered for registration as required under section 7,

(b) when the certificate granted under this Act is about to expire or when it has been revoked or withdrawn under section 11 and the owner declares that it shall be renewed under Section 8,

(c) an inspection at any time for the purpose of ascertaining if the boiler is being operated in conformity with the provisions of the Act and rules framed thereunder.

(3) *Search for unregistered boilers*.—It shall be the duty of an Inspector to search for unregistered or uncertificated boilers within his area and to see that certificated boilers are worked in accordance with the terms of the certificates and with the regulations or rules of the Act.

(4) *Inspector to advise owners*.—At the time of inspection, inspectors may advise the owners and the person in charge of the boiler on the safety in operation, good maintenance and periodic cleaning of boilers and feed water treatment.

(5) *Specific duties*.—Inspectors shall,

(a) maintain a memorandum of inspection book for each boiler as prescribed in regulation 386 under their charge and submit it to the Deputy Chief Inspector or Chief Inspector for examination and countersignature after each inspection;

(b) receive applications for registration or inspection under section 7 or section 8 in Form B-1 appended to these rules,

(c) enquire into accidents of boilers, steam pipes or connected fittings and report to the Deputy Chief Inspector or Chief Inspector;

(d) report to the Chief Inspector cases of unreported accidents, discovered at the time of inspection;

(e) submit for the orders of the Deputy Chief Inspector or Chief Inspector;

(i) the memorandum of inspection books of all boilers proposed for registration under section 7,

(ii) proposals for increasing or reducing the pressure of a boiler after inspection under clause (a) (ii) of the second proviso to sub-section (5) of section 8,

(iii) proposals for necessary repairs, structural alternations or renewals to a boiler after inspection under clause (b) of the second proviso to sub-section (5) of section 8,

(iv) proposals for refusing to renew a certificate under section 8 and proposals for revoking or withdrawing a certificate or provisional order under section 11,

(v) report when boilers have not been properly prepared for inspection under section 14,

(vi) proposal for prosecutions under the Act, and forward the same with his recommendation to the Deputy Chief Inspector or Chief Inspector of Boilers,

(f) receive report of accidents under section 18 and forward the same with his recommendation to the Deputy Chief Inspector or Chief Inspector of Boilers,

(g) *Submission of declaration by the Inspector.*—when an inspection under the Act is completed, the Inspector making it shall prepare a declaration in Form B-2 appended to these rules, in column 8 in which the limit of the working pressure shall be clearly noted, and shall forward the same with the application to the Deputy Chief Inspector or Chief Inspector.

20. *Inspection at special times.*—No examination of a boiler shall be made by an Inspector for the purpose of registering or renewing the certificate of a boiler on a Sunday or on a public holiday under the Negotiable Instruments Act, 1881, or between the hours of sunset and sunrise without the specific orders of the Chief Inspector in each case.

21. *Duties as an Inspecting Officer.*—As an Inspecting Officer an Inspector shall—

(a) maintain a schedule of such examination of boilers or parts thereof in such forms as may be required by the Inspecting Authority;

(b) submit to the Inspecting Authority reports in such form as may be required by the Inspecting Authority on the results of the examination carried out on boilers or parts thereof in accordance with the standards laid down in the regulations and with particular reference to the variations therefrom;

(c) report the results of the tests carried out on materials or scantlings in his presence;

(d) maintain records of all tests (both destructive and non-destructive) carried out by him or under his supervision; and

(e) when radiographic examinations are carried out to boilers or parts thereof or to other scantlings, give his opinion in writing to the Inspecting Authority with regard to the acceptability or otherwise of the parts examined in such form as may be required by the Inspecting Authority.

22. *Receipt of application for registration.*—Application for registration of boiler shall be made under sub-section (1) of section 7 either to the Deputy Chief Inspector or Chief Inspector or Inspector of the local area in which the boiler is situated and shall be accompanied by a receipt for the prescribed fee. No application shall be accepted without the receipt. No boiler shall be registered if on measurement the fee is found to be deficient until the deficit has been paid. Excess payment if any shall be refunded after registration.

23. *Registration.*—The Inspector shall fix a date for the examination of the boiler as required under sub-section (2) of section 7. He shall proceed to take action under sub-section (3) of section 7 on the date fixed and submit his report to the Chief Inspector as early as practicable.

The Chief Inspector shall issue his orders under sub-section (4) of section 7 without delay.

24. *Register of registered boilers.*—The Deputy Chief Inspector or Chief Inspector shall maintain a register of registered boilers in serial order in Form A appended to these rules in two parts. In part I, (boilers originally registered in the State) the registered number of a boiler shall be the one immediately following the last serial number in the register. Gap numbers due to boilers being broken up or transferred to another State shall not be filled up. In part II (boilers originally registered in other States) entries shall be made as prescribed in rule 18 (1)(f).

The Inspector in charge of an office shall keep a similar register for all boilers within his jurisdiction.

25. *Procedure on transfer of a boiler.*—Whenever a boiler is transferred from another State to Kerala, the owner shall under clause (b) of section 6 apply to the Chief Inspector for the registration of the transfer. The Chief Inspector shall then obtain the registration book and memorandum of inspection book of the boiler from the State from which the boiler was transferred. No fee shall be charged for recording transfer. The boiler cannot be used before the transfer is recorded.

26. *Entry of transferred boilers in register.*—On receipt of the registration and memorandum of inspection book, the Deputy Chief Inspector or Chief Inspector shall enter the boiler under its original number in part II of his register and shall instruct the Inspector of the area in which the boiler is situated to enter it similarly in his register. The registration book and the memorandum of inspection book shall be kept in the Office of the Deputy Chief Inspector or the Chief Inspector.

27. *Note of transferred and dismantled boilers.*—Whenever a boiler has been transferred to another State or broken up, the fact shall be noted in the register. In the case of a boiler that has been permanently dismantled, the registration book and the memorandum of inspection book shall be destroyed.

28. *Investigation of accidents.*—On receipt of a report of an accident to a boiler or steam pipe under section 18, the Inspector shall with the least possible delay proceed to the place to investigate the accident. If the report is received by the Deputy Chief Inspector or Chief Inspector, he shall forward it at once to the Inspector within whose jurisdiction, the accident has occurred for necessary action.

29. *Procedure during enquiry.*—The Inspector at his enquiry shall make a careful examination of the damaged parts and shall take such measurements and make such sketches for the purpose of his report as he may deem necessary. He shall enquire into the circumstances attending the accident and note the time of its occurrence, its nature and extent, the injury caused to

persons and the damage to property. The report shall be given in form C appended to these rules.

30. *Power to hold enquiry in writing.*—The Inspector shall take the written statement of witnesses and all persons immediately concerned with the accident. In order to comply with the provision of sub-section (2) of Section 18, the Inspector shall present to the owner or person in charge of the boiler, a series of written questions on all points that are material to the enquiry.

31. *Use of boiler after accidents.*—The Inspector shall decide whether the use of the boiler can be permitted at the same or at a lower pressure without repairs or pending the completion of any repairs or alterations that he may order. In no case shall he issue a provisional order or renew a certificate until his orders have been carried out.

32. *Procedure in case of serious accidents.*—The report shall be sent without delay to the Deputy Chief Inspector or Chief Inspector, who if he considers that the investigation has been sufficient, shall record the facts in his register of accidents and shall enter a brief account of the accident in the register and Memorandum of Inspection Books. If, however, the accident is of a serious nature and in all cases in which an explosion has occurred, the Chief Inspector on receipt of the report shall proceed to investigate the accident personally either alone or with the Deputy Chief Inspector or any other Inspector as considered necessary.

33. *Reference in the annual report.*—A brief account of all accidents and their causes shall be included in the annual report on the working of the Act.

34. *Unreported accidents.*—If in the course of any inspection or at any other time, the Inspector discovers damage which goes within the definition of an accident, but it has not been reported, he shall report the fact at once to the Chief Inspector for action under clause (d) of Section 24.

35. *Attendance during hearing of appeals under section 19.*—Under orders of the Chief Inspector, the Inspector shall attend during the hearing of appeals with regard to boilers within his area before the Chief Inspector or appellate authority.

Appellate authority.—The Government shall constitute an appellate authority under Section 20 for such period as it may deem fit. The appellate authority shall be presided over by an Officer who has exercised or is exercising the powers of a District Judge or a District Magistrate.

37. *Panel of assessors.*—The Government shall constitute a panel of assessors for the purpose of assisting the appellate authority in the hearing of appeals. Assessors shall be competent persons with necessary technical knowledge and experience and must be qualified mechanical engineers.

38. *Attendance of assessors.*—Whenever the date for hearing of an appeal before the appellate authority has been fixed, the Chief Inspector shall under the orders of the appellate authority arrange for the attendance of at least 3 members of the panel to act as assessors.

39. *Remuneration of assessors.*—An assessor shall receive such remuneration and travelling allowances for any day on which he attends the appellate authority as the State Government may, by order, direct.

40. *Filing of appeal.*—Every appeal shall be made in writing either in English or in the official language of the State, and shall be presented to the Chief Inspector, within thirty days of the communication to him of the order against which an appeal is preferred.

41. *Form of appeal.*—The appeal shall be accompanied by the original order, notice or report appealed against, or by a certificated copy thereof; or where no such order, notice or report has been made in writing, by a clear statement of facts appealed against, the grounds of appeal and the relevant sections of the Act.

42. *Fixing a date for hearing.*—On receipt of an appeal, the Chief Inspector shall at once fix a date for hearing of the appeal, if the appeal is to be heard by himself and obtain date for the hearing of the appeal from the appellate authority, if it is to be heard by the appellate authority. No delay shall be made in deciding appeals.

43. *Procedure during hearing.*—When the date for hearing has been fixed, the Chief Inspector shall at once issue a notice to the appellant stating the date for hearing and informing him that if he wishes to be heard in support of the appeal or to produce evidence, he must be present either in person or by an authorised agent with his evidence on the date fixed. The notice shall be sent by registered post to such address as shall be entered in the petition.

44. *Presence of Inspector.*—In all appeals the Chief Inspector shall decide whether the presence of the Inspector is necessary and issue orders accordingly.

45. *Attendance of witnesses.*—The appellate authority shall have power to secure the attendance of witnesses and to make local enquiries and for this purpose shall exercise the powers of a court under the provisions of the Code of Civil Procedure, 1908.

46. *Ex-parte decision.*—If the appellant is not present on the date fixed, the appeal may be decided in his absence.

47. *Costs in appeals.*—In appeals before the appellate authority, the appellate authority shall decide the costs and recover them from the appellant in any case in which the appeal is dismissed. In all cases of appeals in which a local inspection is required by the appellant, he shall deposit in advance the full costs of such inspection.

48. *Fees required for certificates granted on appeals.*—Any order on appeal authorising the registering of a boiler or the grant of the renewal of a certificate shall be deemed to be subject to the payment of such fees as are prescribed by rules or regulations framed under the Act.

FORM 'A'

(See Rule 29)

REPORT INTO THE INVESTIGATIONS OF THE ACCIDENT
TO BOILER NO.The Chief Inspector of Boilers
.....

Sir,

In accordance with the instructions, I have held a preliminary enquiry into the accident and the circumstances attending it to boiler No. and now make the following report.

1. Date and place of accident.
2. Date of investigation.
3. Name and address of owner.
4. Persons killed or injured.
5. Name of maker.
6. Short description of the boiler's general condition, its location with respect to other boilers, the purpose for which it is used and the age of the boiler.
7. Particulars of previous repairs with dates.
8. The boiler was last inspected onby.....
9. Nature of accident.
10. Cause of accident.
11. General remarks.

*Inspector of Boilers,*Remarks by the Chief Inspector
of Boilers.

By order of the Governor,
C. K. KOCHUKOSHY,
Secretary.

1967.

OF KERALA

ir (H) Department

ICATION

A444/67

Dated, Trivandrum, 28th August 1967.

inferred by sub-section (2) of section 34 of the Central Act 5 of 1923), the Government of Kerala hereby exempts boilers built in West Germany, forming part of the State, from the operation of all the provisions of the said Act, subject to the following conditions and restrictions, namely:—

1. The boilers shall be inspected by an Inspector of Boilers, once in a period of every six months or such period as may be decided by the Inspector of Boilers, on payment of fee ordinarily payable for a boiler of this class. The boilers shall be worked only after obtaining permission in writing from the Inspector of Boilers. Effective means shall be taken to prevent the pressure of steam from exceeding the pressure approved by the Inspector of Boilers.
2. All accidents and major break-downs, if any, in these boilers shall be reported immediately to the Inspector of Boilers of the area and the Chief Inspector of Boilers. The permission granted by the Inspector of Boilers for the working of the boiler shall cease to be valid, if any accident occurs to the boiler or any alteration is carried out in the boiler or its apparatus or equipments. The permission granted by the Inspector of Boilers can be cancelled by the Chief Inspector of Boilers at any time without previous notice. Repairs shall be carried out only after obtaining the previous approval of the Chief Inspector of Boilers.
3. This exemption is liable to be withdrawn or modified, if considered necessary, by the Government.

By order of the Governor,

S. NAGARAJAN,
Deputy Secretary.
